

You're invited to Kiwi HPV's 2011 AGM!

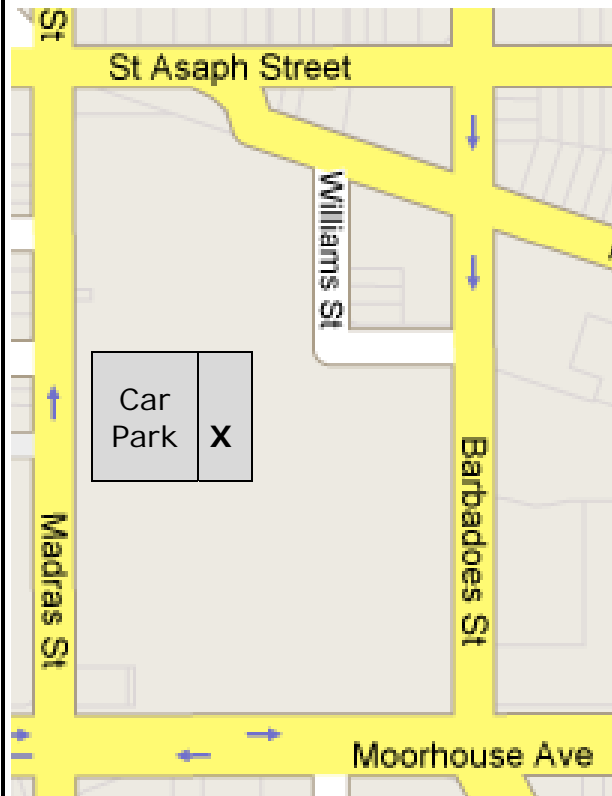

**Wednesday
21st September
begins @ 7.30pm**

**Lecture Theatre A134
CPIT Campus
Madras Street
Christchurch**

This year our **guest speaker** will be Dr Oilly Powell, a Kiwi engineer who has designed and built a number of recumbents, including one which he and his partner rode all the way from Beijing to Paris!

To find the Lecture Theatre, just aim for the **X** on the map. The best route to get there is to head along Moorhouse Avenue and turn north onto Madras Street. There's a car parking area off Madras that can be made use of.

For more information, visit us on the net at www.kiwhpv.org.nz
