- Future Walkway Links
- Existing Walkway Links
- NPDC Property Boundary
- Estimated 50yr Erosion Projection

Maximise Dune Experience
Preserve Alternative Single Tracks
Transition From/To Existing Coastal Walkway

sector 8

sector 7

Causeway Experience and Overbridge
Pedestrian/Vehicle Conflict/Synergy
Integrity of Causeway and Safety in Times of Flooding

sector 6

Keep Animals Out - Revegetate Seaward Side
Explore Interpretation Opportunities with Iwi
Iwi & Archeology to Determine Route

sector 5

sector 4

Walkway Location Restricted by Ngamotu Golf Club Property Boundary
Meander through Dunes, Recountouring & Revegetating
Minimise Dune Disturbance

sector 3

Pivotal Coastal Transition Point Lost if Inland Route Taken
Celebrate Hill Viewpoint & Alternative Dune Route
Majority of Walked Route Close to Sea

sector 2

Maintain Rural Ambience
Potential for Loop Path
Future Coastal Walkway Junction

sector 1

Combined Farm Pathway or Separate Use
Future Proof Hickfords Park Developments
Combine with Access to Waipū Lagoons

concept.

Route alignment maximises coastal experience, provides for walkway shelter and allows for estimated projected erosion.
