

FLYING BANNERS

Our Flying Banners make branding any location quick and easy.

The innovative design of the Flying Banner ensures they cut through wind and rain and remain standing. As testimony to this our Flying Banners have withstood the harsh, freezing conditions on two Arctic expeditions.

The patented "Quick Connect" is our unique system which locks the banner onto the pole and the pole onto the stake for added strength and stability.

PRODUCT ADVANTAGES

- Quick set up in under a minute.
- Portable.
- Durable.
- Lightweight.
- No tools required.
